

Veritas Classical Schools
Algebra I
Student Supply List
2021 - 2022

Pencils with erasers - mechanical pencils work best (but not required)

Graph Paper (4 squares per inch; with 3-hole punch if possible (Office Depot/Staples carry this))

Ruler

Pack of colored pencils and sharpener

2-4 colors of highlighter and a pack of felt tip markers in different colors

TI-83 plus or TI-84 plus or CE GRAPHING calculator

2 1/2 inch three ring binder for Blank Unit Notes (1st 2 Units will be provided). D-ring binders work best. It should have a pocket in front (or you can get an insert with a pocket) to hold weekly assignments to be turned in or new assignments to be completed.

12 tabbed dividers for binder. If possible, each tabbed divider should have a pocket to contain graded quizzes and tests for each unit. Keeps information organized which is helpful when studying for assessments.

Students will need access to the internet to access (especially helpful when a student is absent): completed notes, video links for the lessons to augment understanding, assignment sheets, answer keys for homework assignments, answer keys for test Study Guides. Ms. Gooden has a dedicated Password Protected website for her students. It contains a wealth of helpful information.

Helpful but not required:

If you have an iPad or iPhone, download the Goodnotes app (approx. \$5), This app will allow you to download and do assignments on the iPad with an Apple pencil or stylus, save and edit the assignments, email directly to teacher for checking - all without ever having to print anything out. The teachers can grade the assignments on Goodnotes and return directly to you, where you can store them in folders to access later for studying. You can go back and highlight, makes notes, etc. Great study tool. Ms. Gooden uses the app in class to present, project, and save notes in pdf format. It's a wonderful tool.
